How did you hear about Mercury Masters?

**Do you currently belong to any other running team or club (other than the NYRR)?**

Yes                       No

**Which one?**

**Changing Your Club Affiliation**

*USATF rules state that any runner who has declared a club affiliation in a USATF-sanctioned race (all NYRR scored races are USATF-sanctioned) and wishes to declare a different club affiliation in a subsequent race must run unattached for 90 days prior to declaring the new affiliation. Declaring a club affiliation prior to this 90-day period risks disqualifying the new club from the race.*

**Declaring a Club Affiliation in NYRR Races**

*When entering a New York Road Runners scored race, members of local clubs may declare their club affiliation, allowing them to score for their club in that race.. To declare your club affiliation, you must write the club name or club code (**MERM**) on your printed race application or indicate it on your online application. This requirement applies even if you indicated your club affiliation on your NYRR membership application. The printed tag on your race number will indicate your club declaration. (The club code should appear below your name.) You must report to check-in/registration prior to the start of the race to make any changes to your club declaration. Changes to your club declaration cannot be made after the race has started.*

**Waiver**

I affirm that I have read this document and understand its contents.
